COURSE NAME

When God Doesn't Fix It! / Myth vs. Truth

COURSE DESCRIPTION

Our generation is now living in unusual times – hundreds of thousands of deaths – an American dies every 44 seconds, a dissolution of our social cohesion, loved ones passing without a proper good-bye, job losses, mile-long food lines and great uncertainty. Is it possible for good things to come out of our broken experiences?

This class reminds us we are not alone, and we are not the only ones whose lives have taken unexpected turns. Let's examine the brokenness of some of the heroes of our faith, and how despite their flaws and flawed stories, God was able to use them in extraordinary ways and bring consolation despite their bad experiences.

Isolating the student from large sections of human knowledge is not the basis of a Christian education. Rather it is giving him or her the framework for total truth, rooted in the Creator's existence and in the Bible's teaching, so that in each step of the formal learning process, the student will understand what is true and what is false and why it is true or false.
